

The Czech Republic is looking forward to your visit

Requirements to enter the country

Arrivals from EU+ countries

1

Fill in the passenger
locator form

2

To have an EU digital
COVID certificate
or
To have a confirmation
of suffering from
covid-19 disease in the past
or
To have a confirmation
of negative PCR test
or negative antigen (RAT)
test before arrival

Additional information

EU digital COVID certificate is valid 14–270 days after the completion of vaccination, this period is extended after the booster dose.

Confirmation of suffering from covid-19 disease is valid 11–180 days after a positive test.

Confirmation of negative PCR test valid up to 72 hours before the trip, RAT up to 24 hours.

Children under 12 years of age have an exception from all hygiene measures.

Children 12–18 years of age do not have a time-limited validity of the vaccination certificate.

Exception from all hygiene measure applies only for passengers travelling by land directly from neighboring country for journeys not exceeding 24 hours.

Movement in the Czech Republic: All services operate without restrictions. The only obligation is to wear a FFP2 mask indoors.
